

## All-FORD Nationals June 6-8, 2008

Registration is open for the 2008 **Carlisle All-Ford Nationals**. We have so much to share and this space is too small to tell it all. But I can tell you this, if you like speed, charisma, football, "135 Lightweights," the sound of fired-up snakes and SVTs, this is the place to be in June. Be sure to register as a loyal supporter of the famed Blue Oval and roll into the Carlisle Fairgrounds in search of everything FOMOCO as we celebrate the birth and history of some very special vehicles produced by Ford and Lincoln-Mercury.

### 40<sup>th</sup> Anniversary of COBRA JET Vehicles

Bring your Cobra Jet powered Ford or Mercury and participate in one of the greatest celebrations ever. We will have somewhere around a dozen, if not more, "135 Lightweight" Mustangs on display. These are the cars made famous at the 1968 Pomona Winternationals, driven by legendary racers like Bill Ireland, Phil Bonner, and Al Joniec.

**Meet AL JONIEC** and see him take that famous Cobra Jet powered Mustang down the track again. Yes, you won't want to miss this trip down Nostalgia Lane. And he won't be the only legend to take to the track again. You must be here to feel the action.

### SVT OWNERS ASSOCIATION

If you own an SVT vehicle you are invited to attend the 15-year Reunion hosted by the SVTOA. This will be a celebration befitting a king. What else but King of the Road.

**FORD MOTOR COMPANY** will be very well represented with concepts, test drive vehicles, classic and historical vehicles and some futuristic vehicles whose time is now.

## Highlights

Burnout Contest

Judged & Non-Judged Showfields

Beauty Contest

Club Games

Manufacturers Midway

Swap Meet Vendors & Car Corral

Dyno

Women's Oasis

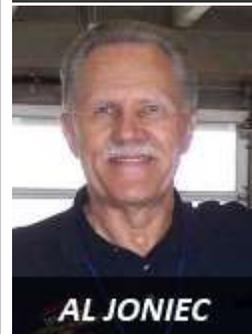

Kids at Carlisle

58 Mercury

CJ Torino

AL JONIEC

**MEET FOMOCO ENGINEERS AND EXECS** and "talk shop" with them. Days of old or days of the future? Either way, there will be thousands of old and new vehicles to stimulate plenty of conversation.

**MEET JON RUNYAN** and talk Ford tough with him. He converses in NFL football lingo as well as he does trucks and Ford tough. Either way, you'll want to meet this mountain of a man who is a real gentleman. Just be careful you don't talk too tough requiring the service of a tough Ford truck to haul you home.

We will have a little bit of everything FOMOCO cool throughout our buildings. We'll celebrate 1958 with a display of classic and historical vehicles from those days. If your special ride is HOT and you want it to be considered for this special display, contact [RickM@CarlisleEvents.com](mailto:RickM@CarlisleEvents.com) to request an Invitational Form OR [download a PDF](#) from our website.
