1968 Ford Mustang California Special !!! - \$32000 (spokane)

image 1 of 22

Very, VERY nice 1968 Ford Mustang California Special. Older though correct ground up restoration on an 82,000 mile California car. Wimbledon White over Black, 302, automatic, factory A/C car. Car is listed in the GT/CS registry. Starts instantly cold or warm, runs like a bloody watch. Shifts great, no steering play, tracks perfectly, good brake pedal feel and modulation. Doors close with barely a nudge. Great door, hood and deck lid gaps! Terrific original interior with only the carpets having been replaced. Only about 4,100 cars produced.... THIS IS A VERY NICE EXAMPLE OF A GT/CS.....asking \$32,000 Get me close.....one damned nice car !
