fuel: **gas**

odometer: **37363**

title status: **clean**

transmission: **automatic**

I have decided to sell my 1968 Ford Mustang GT/CS California Special

Factory GTCS with Marty Report

302 v8 car

New gas tank

I have the factory grill and fog lights in storage.

I have the original title from 1972

I purchased this car from a family what as owned it since 1972

Original black plates included.

The car is not running but very close to getting it running.

Just need to attach the coil and battery / ad gas

It's a real GTCS so please don't ask questioning its authenticity.

With a Marti report and original title it's clear as day it's the real deal.
