1968 mustang v8 twin turbo - \$7600

image 1 of 10

1968 ford mustang

fuel: **gas**title status: **clean**transmission: **automatic**

1968 mustang 289 auto coupe(all vin matching). I was in the middle of restomodding this car, I left off at having the whole drivetrain rebuilt, the exterior and interior has not been done. Due to unseen circumstances I will not be able to finish the restoration. The cars drivetrain matches the vin, the body has minimal rust, there are two spots that come to mind. one of the rust spots is under side scoop, other is lower frame rail where the cowl drain goes that almost every vintage mustang has. I have a clean and clear Florida title in hand.

What Was done

Engine rebuilt

Trans rebuilt

Driveshaft rebuilt

Whole fuel system replaced

Wire harness half done

QR Code Link to This Post
