## High Country Special For Sale - \$25000 (Cheyenne)

image 1 of 13

For your consideration, an excellent example of a rare 1968 High Country Special Mustang. One of 251 built for the 1968 model year, this car is an excellent example that must be seen. Recent repaint of the original Meadowlark Yellow with original black vinyl top and saddle tan interior, and period correct Shelby wheels, this car is a real head turner. 289 V8 with automatic transmission and manual drum brakes. Runs and drives great.
