Not all harnesses are created equal. Our harnesses are built to meet the requirements as set forth by Ford Motor Company specification manual C0AF-14A121-A. This manual sets minimum requirements for such things as boot design and crimp strength as well as others. It is what Ford uses to set standards for all current wiring as well as those in the past! Quality is more than skin deep!

## WIRE HARNESSES

### 13000 KIT, Wiring Retainer

***Engine compartment kits:***

65-66 21 pc kit ..... 13000-1K 7.75
67-68 25 pc kit (exc's turn sig hood clips) ..... 13000-2K 11.75
