Ford 1968 CS Mustang - \$18,000 (South Park)

image 1 of 24

1968 ford mustang

condition: **fair**

cylinders: **8 cylinders**

drive: **rwd**

fuel: **gas**

odometer: **66965**

paint color: **green**

title status: **clean**

transmission: **automatic**

type: **coupe**

We believe it has a vapor lock problem but haven't found a solution yet. So you can drive it for about an hour then it starts to stall.

It recently developed a power steering leak at the valve assembly.

Last before we purchased the car someone broke a bolt for the transmission pan. When it was drilled out they went too deep. So now transmission fluid leaks from that bolt.
