Item description from the seller

Here's a collection of mostly original used California Special parts. The Good; with the exception of the right side scoop, parts are all original Ford issue. The rear quarter extensions are very nice with no cracks or missing pieces. The left side scoop is in good shape with the original screen trim. The foglamps are exceptional with bright shiny chrome, and all mounting hardware intact, even including the little rubber stancheon gaskets. Plugs on the pigtails are missing. One lamp tested ok, the other didn't light up. The hood lock recievers are in nice shape as shown. The tail lamp panel block off palates are all in great shape. Two bags of original misc. hardware from the vehicle are included. The Bad; Tail lamp panel has a few broken corners as shown 3/4 corners have big chips. Tail lamp lenses and chrome bezels are cracked. Right side scoop is an aftermarket but in good shape. The original tail lamp harness was cut off above the left wheel house, and only includes the trunk portion. The Ugly; The OE deck lid is needing quite a bit of work. The top surface is losing it's jell coat in the areas shown. The hinge attaching points are both cracked as shown, but repairable. This original lid still holds it's shape well and will repair to be a nice lid again. Thousands of other
