Shelby GT-C models feature exclusive Grabber Orange paint scheme with silver LeMans stripes

The Shelby GT is a pure muscle car with exhilarating performance and stylish good looks.

Built exclusively for Southern California, the Shelby GT-C models are dressed in striking Grabber Orange with silver LeMans racing stripes.

Every Ford Shelby GT-C, which is signed by Carroll Shelby, is built in the Shelby Automobiles factory in Las Vegas and is available only through Southern California Ford dealerships.

Only 200 GT-C models will be available and each will receive a special serial number that will be documented in the official Shelby Registry indicating this special Southern California-only color scheme. Approximately 2,000 2008 Shelby GTs will be built so don't miss out on this rare opportunity to own an exclusive Ford Shelby Mustang!
